

National Science Day Celebration-2023 Organised by cultural committee

Date: 28th February 2023

Organizers: City Montessori School Gonda

Co-Organizer - Cultural Committee, S.L.B.S. Degree college Gonda

Chief Guest: DM Gonda, Dr. Ujjawal Kumar

Presiding Officers: Prof. Ravindra Kumar Pandey, Mrs. Geeta Tripathi

Keynote Speakers: CDO Mrs. Arun Mauli, DIOS, Prof. R. K. Pandey

Participants no.: 145

Participants name : Namita Singh, Saumya Agarwal, Deepak Singh, Priya Dubey
and more than 140 students are participated in this programme .

Objective:

The **National Science Day** was celebrated to promote scientific temper and awareness in society, especially among students. The day commemorates the discovery of the **Raman Effect** by **Dr. C.V. Raman**, which earned him the Nobel Prize in Physics. This year, the event aimed to instill curiosity and interest in scientific concepts, with a focus on innovation and critical thinking.

Program Highlights:

- **Chief Guest Address:**
Dr. Ujjawal Kumar, DM of Gonda, graced the occasion as the chief guest. In his address, Dr. Kumar emphasized the importance of science in transforming society and encouraged students to pursue careers in science and technology. He spoke about the government's efforts to enhance scientific infrastructure in schools and colleges, urging students to make the most of these resources.
- **Keynote Speakers:**

- **CDO Mrs. Arun Mauli** highlighted the relevance of science in solving real-world problems and urged students to focus on research and experimentation.
- **DIOS** spoke about the educational policies that are being implemented to improve scientific education in schools and how students can benefit from such initiatives.
- **Prof. R. K. Pandey** of Shri Lal Bahadur Shastri Degree College elaborated on the contributions of Indian scientists to the global scientific community. He also shared inspiring stories from the life of Dr. C.V. Raman to motivate the students.

Activities:

Several science-related activities were organized for the students to actively engage in learning:

- **Science exhibitions** where students presented models and experiments based on various scientific principles.
- **Debates and discussions** on topics related to modern scientific discoveries.
- A **quiz competition** was held, where teams of students competed, demonstrating their knowledge of science and technology.

Conclusion:

The event successfully achieved its objective of fostering a spirit of scientific inquiry among students. The insights from the distinguished guests and interactive sessions provided an enriching experience for all participants. The event concluded with a vote of thanks, appreciating the efforts of the organizing committee and the enthusiastic participation of students and faculty members.
