

# Report on World Food Day

**Date:** 16th October 2021

**Venue:** Department of Botany, Shri L.B.S. Degree College, Gonda

**Organized by:** Dr. Rekha Sharma

**Speaker:** Dr. Sharvan Kumar Srivastva, Dr. Ghanshyam Dwivedi

## Introduction

World Food Day is celebrated annually on October 16 to raise awareness about food security and promote sustainable food systems. This year, the event organized at Shri L.B.S. Degree College, Gonda aimed to highlight the importance of food security and nutrition in our communities.

## Objectives of the Event

- To create awareness about global food issues.
- To discuss sustainable agricultural practices.
- To emphasize the importance of nutrition and healthy diets.

## Program Details

### 1. Inauguration:

- The event commenced with a welcome address by Dr. Rekha Sharma, who emphasized the significance of World Food Day.

### 2. Keynote Speech:

- Dr. Sharvan Kumar Srivastva delivered an insightful keynote speech. He discussed various aspects of food security, including the challenges posed by climate change, population growth, and economic instability.
- Dr. Ghanshyam Dwivedi also highlighted innovative agricultural practices that can contribute to sustainable food production.

### 3. Panel Discussion:

- A panel discussion followed, featuring local farmers, nutritionists, and environmentalists. The panelists shared their experiences and insights on improving food systems in the region.

### 4. Interactive Session:

- The student participated actively in the Q&A session, discussing practical solutions to local food security issues.

### 5. Closing Remarks:

- The event concluded with closing remarks by Dr. Rekha Sharma, who thanked the speakers and participants for their contributions. She encouraged everyone to adopt sustainable practices in their daily lives.

## Participation

Lalji Verma, Kuldeep Yadav, Jeet Bahadur Singh, Pushpraj Singh, Raunak Singh, Saksham Singh, Pathak, Kiran Singh, Hilpi Soni, Priya Shukla, Ekta Tiwari, Anupa Yadav and others students participated in food day programme.

### Conclusion

The World Food Day event at Department of Botany, Shri L.B.S Degree College, Gonda successfully raised awareness about food security and the importance of sustainable practices in food production. The discussions and interactions provided valuable insights that can help address local food issues.
