

Report on Aids Day program 2022

Date: December 1, 2022

Venue: Department of B.Ed., Shri Lal Bahadur Shastri Degree College, Gonda

Organized by: Shri Lal Bahadur Shastri Degree College, Gonda

Keynote Speaker: Dr. Anju Agarwal (Aashirwad Nursing Home)

No. of Participants: 55 Faculty Members & 135 Students

Objective:

The World AIDS Day program, organized by Shri Lal Bahadur Shastri Degree College, Gonda, aimed to raise awareness about the HIV/AIDS epidemic, its prevention, and the challenges faced by people living with HIV. The program sought to educate students and faculty on the importance of safe practices, early testing, and the need to eliminate stigma and discrimination associated with the disease.

Program Details:

The event began with a welcome address by the head of the B.Ed. department, who set the tone for the day by emphasizing the global significance of World AIDS Day and the role of education in combating the epidemic.

A keynote lecture was delivered by a health expert, Dr. Anju Agarwal, who provided valuable insights into the causes, transmission, and preventive measures for HIV/AIDS. She highlighted recent developments in medical treatments and stressed the importance of empathy and support for those living with HIV.

Following the lecture, a group of students from the B.Ed. department performed a skit depicting the social challenges and misconceptions faced by people with HIV. The skit aimed to address the stigma associated with the disease and encouraged open dialogue about HIV prevention and care.

An informative video presentation was also shown, illustrating the history of HIV/AIDS, the science behind its transmission, and ways to prevent its spread. The presentation highlighted how young people, through education and awareness, can play a pivotal role in breaking the chain of transmission.

Conclusion:

The World AIDS Day program concluded with a vote of thanks from the event coordinator, Dr. Lohans Kalyani, who acknowledged the efforts of all participants and contributors. She

reiterated the importance of continued awareness and proactive measures in the fight against HIV/AIDS. The program successfully achieved its objective of educating the college community, spreading awareness, and promoting a more compassionate approach toward those affected by HIV/AIDS.

The event left the participants with a deeper understanding of the global HIV/AIDS crisis, the importance of prevention, and the need for collective action to fight the stigma and support those impacted by the disease.

Glimpse of Program

Participants and Activities:

Medical professionals from a local hospital also conducted a free HIV screening camp for attendees, ensuring privacy and confidentiality.

Students from various departments actively participated in the event. The Red Ribbon Club students performed a street play, vividly portraying the struggles of people living with HIV, while also emphasizing the importance of awareness, testing, and timely treatment.

The program also featured a poster-making competition, where students created impactful visuals depicting HIV prevention and breaking stigma. The winning posters were displayed around the college premises to ensure the message reached a wider audience.
